Value Proposition

OUR GOAL

To Be the Global Knowledge Center and Reference Point in Matters of Islamic Economics and Finance.

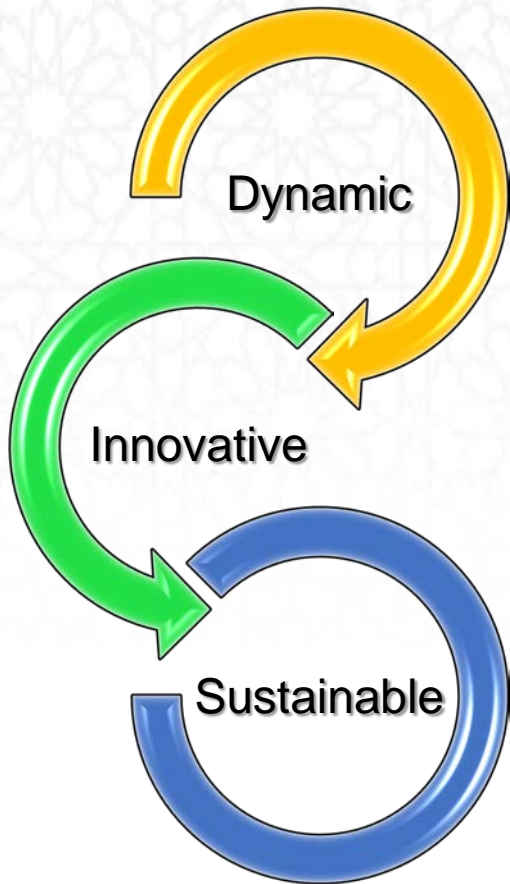

OUR PHILOSOPHY

Delivery of Islamic Finance Research, Capacity Development, Advisory & Technical Assistance, Product Development, and Knowledge Dissemination Services.

Our Functions

Research

We seek to enable the development of a **dynamic**, **innovative** and **sustainable** Islamic financial services industry, including assisting countries to create an enabling environment for Islamic financial sector development.

Our Functions

Capacity Development

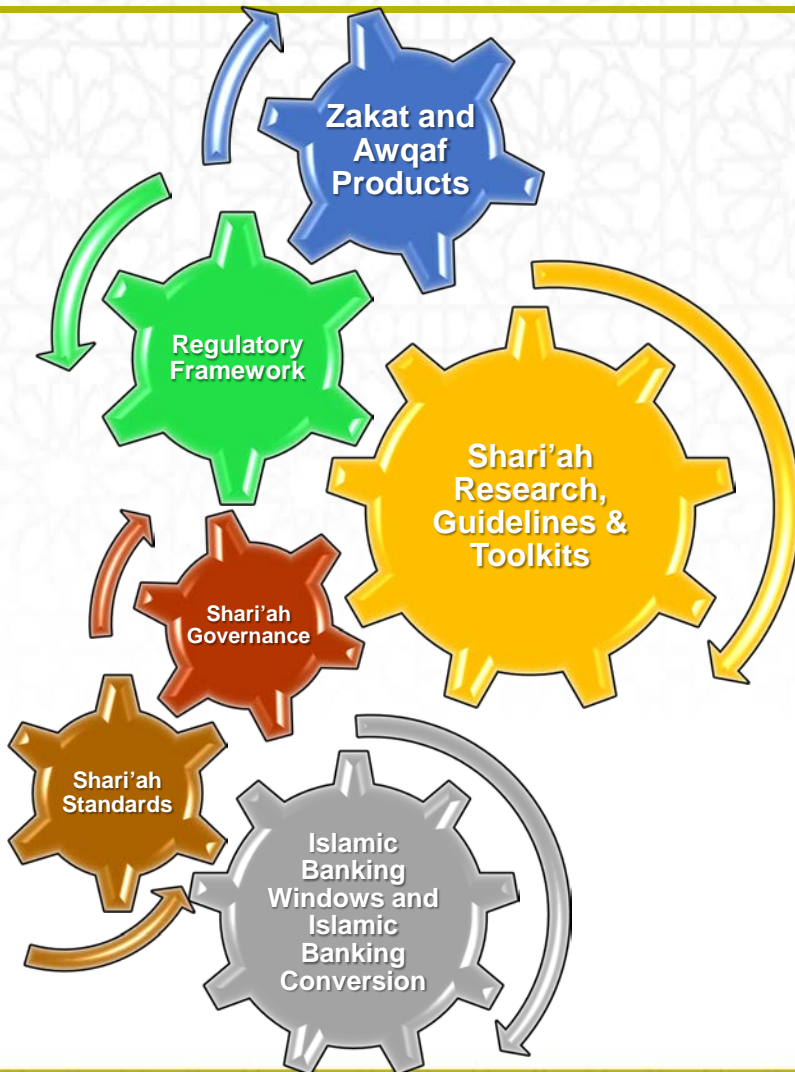

We provide training in Islamic Economics and Finance to build the *human capital* that can serve as a catalyst for the development of global Islamic financial services.

Our Functions

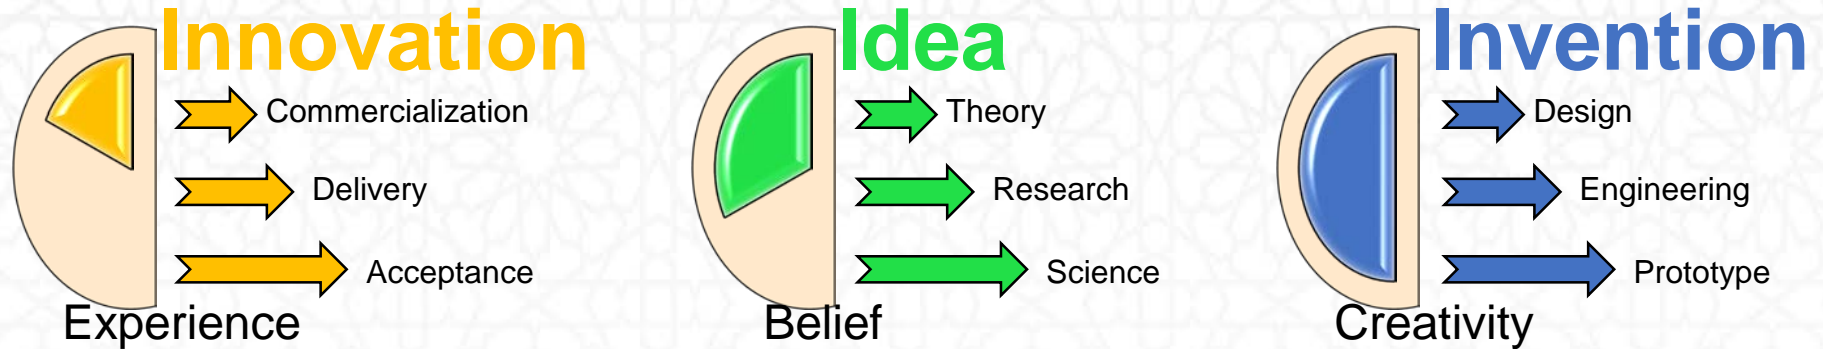

Advisory and Technical Assistance

We provide Advisory and Technical Assistance Services on the practical application of Islamic Economics, Banking and Finance principles to promote socio-economic development.

Our Functions

Product Development

We assess existing Islamic financial products and identify areas of improvement; we develop innovative Islamic financial products & instruments, and promote their use.

Our Functions

Publications

We produce a wide range of Islamic Economics & Finance publications including textbooks, journals, edited books, and lecture papers.

Our Functions

Online Learning Program (OLP)

- In partnership with **edX**, we deliver MOOCs in Islamic Finance & Banking
- We aim to deliver at least 18 MOOCs by 2020, covering various aspects of Islamic Finance

The Islamic Research and Training Institute MOOCs
