Value Proposition

**OUR GOAL**
To Be the Global Knowledge Center and Reference Point in Matters of Islamic Economics and Finance.

**OUR PHILOSOPHY**
We seek to enable the development of a **dynamic**, **innovative** and **sustainable** Islamic financial services industry, including assisting countries to create an enabling environment for Islamic financial sector development.
We provide training in Islamic Economics and Finance to build the *human capital* that can serve as a catalyst for the development of global Islamic financial services.
We provide Advisory and Technical Assistance Services on the practical application of Islamic Economics, Banking and Finance principles to promote socio-economic development.
We assess existing Islamic financial products and identify areas of improvement; we develop innovative Islamic financial products & instruments, and promote their use.
We produce a wide range of Islamic Economics & Finance publications including textbooks, journals, edited books, and lecture papers.
